SUBJECT: GERMANY WELCOMES U.S. NONPROLIFERATION ASSURANCES

REF: STATE 12447

(SBU) Germany welcomed the U.S. assurances from Reftel confirming the reciprocal limited use and disclosure of any information the U.S. might obtain from Germany in the course of their collaboration on the Oak Ridge - Technische Universitat Forschungsreaktor Munchen project. Joerg Polster, MFA Desk Officer, told Econoff that he did not believe there would be any technology transfer from Germany to the U.S. on this project, but noted that any such transfer would likely require an application to BAFA, the German export control authority.
